Cancer Rehabilitation: Principles and Practice

Michael Stubblefield MD, Michael MD O'Dell

Cancer Rehabilitation: Principles and Practice Michael Stubblefield MD, Michael MD O'Dell
A Doody's Core Title 2012

This new comprehensive reference provides a state-of-the-art overview of the principles of cancer care and best practices for restoring function and quality of life to cancer survivors. Authored by some of the world's leading cancer rehabilitation experts and oncology specialists, the principles section provides primer level discussions of the various cancer types and their assessment and management. The practice section thoroughly explores the identification, evaluation, and treatment of specific impairments and disabilities that result from cancer and the treatment of cancer. This groundbreaking volume enables the entire medical team to provide superior care that results in a better quality of life for cancer survivors.

Features include:

- Multi-specialty editorship and authorship from psychiatry, oncology, physical therapy, occupational therapy, and related disciplines.
- Focus on therapeutic management of cancer-related impairments and complications.
- In-depth treatment of the medical, neurologic, musculoskeletal, and general rehabilitation issues specific to this patient population.

From reader reviews:

William Boehme:

The experience that you get from Cancer Rehabilitation: Principles and Practice may be the more deep you rooting the information that hide into the words the more you get enthusiastic about reading it. It doesn't mean that this book is hard to be aware of but Cancer Rehabilitation: Principles and Practice giving you enjoyment feeling of reading. The writer conveys their point in selected way that can be understood by means of anyone who read the idea because the author of this guide is well-known enough. This kind of book also makes your current vocabulary increase well. That makes it easy to understand then can go along, both in printed or e-book style are available. We recommend you for having this kind of Cancer Rehabilitation: Principles and Practice instantly.

David Betancourt:

Exactly why? Because this Cancer Rehabilitation: Principles and Practice is an unordinary book that the inside of the guide waiting for you to snap the idea but latter it will zap you with the secret the idea inside. Reading this book alongside it was fantastic author who write the book in such awesome way makes the content on the inside easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This unique book will give you a lot of advantages than the other book possess such as help improving your ability and your critical thinking approach. So , still want to hesitate having that book? If I were you I will go to the book store hurriedly.

Cierra Persaud:

Playing with family in the park, coming to see the ocean world or hanging out with friends is thing that usually you could have done when you have spare time, then why you don't try factor that really opposite from that. A single activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Cancer Rehabilitation: Principles and Practice, it is possible to enjoy both. It is good combination right, you still wish to miss it? What kind of hang type is it? Oh seriously its mind hangout people. What? Still don't buy it, oh come on its identified as reading friends.

Carla McFarlin:

Is it a person who having spare time and then spend it whole day through watching television programs or just telling lies on the bed? Do you need something new? This Cancer Rehabilitation: Principles and Practice can be the solution, oh how comes? A fresh book you know. You are thus out of date, spending your time by reading in this brand new era is common not a geek activity. So what these ebooks have than the others?
