Dragon Dictate 2.5: Visual QuickStart Guide Maria Langer

The book walks readers through how to train Dragon Dictate, allowing it to recognize the way readers speak. Readers will learn how to add specialized words and names and how to control Mac applications using their voice. The book then moves on to editing text documents, allowing readers to select, delete, capitalize and work with text. The book also covers having Dragon read text back to the user, allowing the user to proofread and edit dictated documents. Finally, the book covers more advanced topics, such as creating new voice commands for controlling Mac applications and controlling the mouse via voice commands.
