**Selecting and Managing Electronic Resources (How-To-Do-It Manuals for Librarians)** Vicki L. Gregory

Computer-based technologies are causing both evolutionary and revolutionary changes in libraries, heavily affecting the field of collection development. Electronic publishing alone has had profound implications for all areas of collection development in all types of libraries. This practical manual addresses both traditional and modern aspects of collection development as they relate to all aspects of electronic materials. It covers collection development policies, criteria, and process; budgeting and acquisitions; organization and maintenance of electronic resources; evaluation and assessment; copyright, licensing, and intellectual property issues; and preservation.
