## **Terra dos homens (Portuguese Edition)** Paul Claval

O que faz de nosso planeta uma terra humana? Quais os riscos que corremos para torná-lo inabitável? Paul Claval, um dos maiores geógrafos da atualidade, traz neste livro uma discussão fundamental sobre e para a geografia. Já sabemos que no mundo em que vivemos não basta garantir uma boa organização econômica, política e social. é fundamental considerar o meio ambiente, analisado aqui de uma forma ampla. é necessário pensar em uma organização espacial dos grupos sociais que viabilize a construção de um futuro para as novas gerações. Terra dos homens: a geografia é leitura essencial para quem quer entender como se construiu a Terra dos homens e em quais condições teremos que viver para preservá-la.
