This is a sumptuous photographic record of the Citroën DS in all its myriad forms. Launched as a futuristic vision in 1955, the DS family of cars continued in production for just over 20 years, evolving through two distinct styling phases, three key bodyshell types (saloon, estate and cabriolet), numerous specification changes and various powertrain developments, as well as some fascinating spin-off versions – and every detail is recorded in over 500 colour photographs in this lavish and elegantly presented book.
