## **The Idiot** Fyodor Dostoevsky

The Idiot is a novel written by 19th century Russian author Fyodor Dostoevsky (or Fyodor Dostoyevsky). It was first published serially in The Russian Messenger between 1868 and 1869. The Idiot is ranked beside some of Dostoyevsky's other works as one of the most brilliant literary achievements of the "Golden Age" of Russian literature.

Twenty-six-year-old Prince Lev Nikolayevich Myshkin returns to Russia after spending several years at a Swiss sanatorium. Scorned by the society of St. Petersburg for his trusting nature and naivety, he finds himself at the center of a struggle between a beautiful kept woman and a virtuous and pretty young girl, both of whom win his affection. Unfortunately, Myshkin's very goodness precipitates disaster, leaving the impression that, in a world obsessed with money, power, and sexual conquest, a sanatorium may be the only place for a saint.

Inspired by an image of Christ's suffering, Dostoyevsky set out to create a protagonist with "a truly beautiful soul" and to trace the fate of such an individual as he comes into contact with the brutal reality of contemporary society. The novel begins when the innocent epileptic Prince Myshkin - the 'idiot' - arrives in St Petersburg and finds himself drawn into a web of violent and passionate relationships that leads to blackmail, betrayal and eventually murder.
