There Is a God Antony Flew, Roy Abraham Varghese

In one of the biggest religion news stories of the new millennium, the Associated Press announced that Professor Antony Flew, the world's leading atheist, now believes in God.

Flew is a pioneer for modern atheism. His famous paper, *Theology and Falsification*, was first presented at a meeting of the Oxford Socratic Club chaired by C. S. Lewis and went on to become the most widely reprinted philosophical publication of the last five decades. Flew earned his fame by arguing that one should presuppose atheism until evidence of a God surfaces. He now believes that such evidence exists, and *There Is a God* chronicles his journey from staunch atheism to believer.

For the first time, this book will present a detailed and fascinating account of Flew's riveting decision to revoke his previous beliefs and argue for the existence of God. Ever since Flew's announcement, there has been great debate among atheists and believers alike about what exactly this "conversion" means. *There Is a God* will finally put this debate to rest.

This is a story of a brilliant mind and reasoned thinker, and where his lifelong intellectual pursuit eventually led him: belief in God as designer.
