Looking Back to See: A Country Music Memoir

Maxine Brown

Looking Back to See: A Country Music Memoir Maxine Brown

A vocal group without peer, The Browns were central artists in the changing sound of country and American popular music at mid-century. They were part of major changes in the entertainment business and American culture, participated in the folk music movement in the 1960s, and saw the steady birth of rock & roll up close as they worked with Presley and others. Illustrated with many never-before-published photographs, Looking Back to See is a remarkable story told here for the first time.
