These are tough times for schools. With the current accountability measures and economic instability, schools are finding it hard to keep up. They are being flipped upside-down, bent out of shape, and stretched to the limit. Although everyone is taking a real beating, it has also sparked a stirring opportunity for the simple-yet profound-leadership model called foundational leadership. Strong Schools, Strong Leaders was written for everyday practitioners aiming to create staffs capable of making their schools sparkle amidst the chaos. Not only does this book describe four essential foundational practices of the foundational leader, it also provides the reader with the specific processes to move each of them from theory to practice.
