The Art Of Memory

Frances A Yates

The Art Of Memory Frances A Yates

This unique and brilliant book is a history of human knowledge.

Before the invention of printing, a trained memory was of vital importance. Based on a technique of impressing 'places' and 'images' on the mind, the ancient Greeks created an elaborate memory system which in turn was inherited by the Romans and passed into the European tradition, to be revived, in occult form, during the Renaissance.

Frances Yates sheds light on Dante's *Divine Comedy*, the form of the Shakespearian theatre and the history of ancient architecture; *The Art of Memory* is an invaluable contribution to aesthetics and psychology, and to the history of philosophy, of science and of literature.
