## **Basic Essentials® Photography in the Outdoors (Basic Essentials Series) Jonathan Hanson**

This revised edition includes information about digital photography and its associated equipment. The author examines the changes brought about by the use of digital cameras and how film still has a place. Discover how to use filters for special effects, understand your camera better to use it more efficiently, develop techniques for using lenses, protect your camera and film from environmental damage, eliminate common beginners' mistakes, and adjust your camera to compensate for drastic differences in available light.
