Clinical Therapy Research in the Inflammatory Diseases

Ronald F van Vollenhoven

Clinical Therapy Research in the Inflammatory Diseases Ronald F van Vollenhoven

This unique textbook provides information on the dramatic advances taking place in the field of inflammatory (autoimmune) diseases and their therapies. Experts in many different medical fields — allergology, dermatology, gastroenterology, pulmonology, rheumatology etc. — will describe the advances in our understanding of the most important inflammatory diseases linking basic science discoveries to the advances in therapeutics that have taken place over the past years and foreshadow even more dramatic changes which will occur in the years to come. This is a truly multi-specialty bench-to-bedside textbook that will enable readers to gain a wide-ranging but also solidly built understanding of the therapeutic areas of inflammatory diseases.
