Two Englishmen meeting on a train to Berlin in 1930 kick off one of Isherwood's most enduring novels

On a train to Berlin in late 1930, William Bradshaw locks eyes with Arthur Norris, an irresistibly comical fellow Englishman wearing a rather obvious wig and nervous about producing his passport at the frontier. So begins a friendship conducted in the seedier quarters of the city, where Norris runs a dubious import-export business and lives in excited fear of his bullying secretary, his creditors, and his dominatrix girlfriend, Anni. As the worldwide economic Depression strangles the masses and the Communists make a desperate stand against Fascism and war, Norris sells himself as political orator, spy, and double agent. He also sells his friends. Like its companion novel, *Goodbye to Berlin*, *Mr Norris Changes Trains* offers unforgettable characters struggling in the vortex as the Nazis rise to power.
