Highway Winter Maintenance: ICE design and practice guide (ICE Design and Practice Guides) ICE (Institution of Civil Engineers)

Highway authorities in the United Kingdom have a statutory duty to maintain highways and effective winter maintenance is a crucial element of that responsibility. This concise new guide reviews current operational arrangements, indicates best practices and suggests the way ahead. To reflect the complexities of the subject the guide covers: operational requirements for winter maintenance; weather forecasting; support technology; research and development; specialist plant and transport; and the role of privatisation.
