Nuclear Medicine Technology Study Guide: A Technologist's Review for Passing Board Exams

Andrzej Moniuszko, Dharmesh Patel

Nuclear Medicine Technology Study Guide presents a comprehensive review of nuclear medicine principles and concepts necessary for technologists to pass board examinations. The practice questions and content follow the guidelines of the Nuclear Medicine Technology Certification Board (NMTCB) and American Registry of Radiological Technologists (ARRT), allowing test takers to maximize their success in passing the examinations. The book is organized by sections of increasing difficulty, with over 600 multiple-choice questions covering all areas of nuclear medicine, including radiation safety; radionuclides and radiopharmaceuticals; instrumentation and quality control; patient care; and diagnostic and therapeutic procedures. Detailed answers and explanations to the practice questions follow. Supplementary chapters will include nuclear medicine formulas, numbers, and a glossary of terms for easy access by readers. Additionally, test-taking strategies are covered.

From reader reviews:

Matthew McDaniel:

Reading a publication tends to be new life style within this era globalization. With reading you can get a lot of information that may give you benefit in your life. Along with book everyone in this world can easily share their idea. Guides can also inspire a lot of people. Plenty of author can inspire their particular reader with their story or maybe their experience. Not only situation that share in the guides. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors these days always try to improve their expertise in writing, they also doing some exploration before they write to their book. One of them is this Nuclear Medicine Technology Study Guide: A Technologist's Review for Passing Board Exams.

Anna Bailey:

The guide with title Nuclear Medicine Technology Study Guide: A Technologist's Review for Passing Board Exams contains a lot of information that you can learn it. You can get a lot of benefit after read this book. That book exist new knowledge the information that exist in this guide represented the condition of the world right now. That is important to yo7u to be aware of how the improvement of the world. This particular book will bring you in new era of the syndication. You can read the e-book in your smart phone, so you can read the idea anywhere you want.

Kirk Nutter:

Precisely why? Because this Nuclear Medicine Technology Study Guide: A Technologist's Review for Passing Board Exams is an unordinary book that the inside of the guide waiting for you to snap it but latter it will zap you with the secret the idea inside. Reading this book adjacent to it was fantastic author who have write the book in such amazing way makes the content inside easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This amazing book will give you a lot of benefits than the other book get such as help improving your talent and your critical thinking approach. So , still want to hold off having that book? If I were you I will go to the guide store hurriedly.

Shirley Bishop:

This Nuclear Medicine Technology Study Guide: A Technologist's Review for Passing Board Exams is great book for you because the content and that is full of information for you who have always deal with world and also have to make decision every minute. This specific book reveal it details accurately using great coordinate word or we can claim no rambling sentences inside it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only provides you with straight forward sentences but difficult core information with splendid delivering sentences. Having Nuclear Medicine Technology Study Guide: A Technologist's Review for Passing Board Exams in your hand like obtaining the world in your arm, info in it

is not ridiculous one. We can say that no reserve that offer you world in ten or fifteen small right but this e-book already do that. So , this is certainly good reading book. Hi Mr. and Mrs. busy do you still doubt in which?
