The Mythological Zoo Oliver Herford

Oliver Herford is adept at pairing whimsical illustrations with humorous poetry, and *The Mythological Zoo* is no exception. Each of the 22 illustrations of classic mythological beasts is accompanied by a brief poetic verse. Medusa, Cerberus, the Chimera, the Phoenix, and the Centaur grace these pages, amongst many more. These original drawings have been clarified and intensified from their original publication. A note on our public domain restorations: Idle Winter Press selects interesting projects in the public domain to publish. Our books are not simply a PDF of an original version, printed and bound with a sub-standard cover. We painstakingly restore images, professionally format interiors, and design quality covers. If the text warrants it, we add an index (or improve the existing one), create diagrams, and research contexts as necessary. Though the public domain text is available for free on the internet, the high-quality, beautifully printed restoration is only available from Idle Winter Press.
