The Waterloo Mennonites: A Community in Paradox

J. Winfield Fretz

The Waterloo Mennonites: A Community in Paradox J. Winfield Fretz

The Waterloo Mennonites is truly a communal book: the substance treats the communal aspect of the Mennonite community in all its complexity, while the book itself came about through communal effort from the students and researchers assisting Fretz, the various organizations and individuals providing support, the larger community including the two universities and Wilfrid Laurier University Press, and public funding agencies.

This book seeks to derive a clearer understanding of the sociological characteristics of a single Mennonite community, beginning with the historical and religious background of the Waterloo Mennonites, reviewing their European origins, their ethnic identification, and their immigration experience. It also examines their basic institutions: religion and church, marriage and the family, education and the school, economics and earning a living, government and how they relate to it, their use of leisure time and methods of recreation. It also looks at the way Mennonites interact with the larger society and how that society responds.
