Where three countries meet at the "triple frontier" (Brazil, Paraguay and Argentina), South America's most famous waterfalls are located. Iguazu falls will astonish anyone who is fortunate enough to visit them. A magnificent canyon in the rain forest drew the admiration of the pre Columbian people and the Spanish and Portuguese conquistadors in the XVIth century. The Jesuit Order found that the region was the most favorable to carry out their plans to colonize and evangelize peacefully. In all three countries they left magnificent testimony of their success - churches built by the natives housing wooden carvings in the western tradition but with Guarani taste and methods, symbols of Catholicism. This book manages to synthesize the various attractions of the region. Scenery and history are melded to capture the beauty of its land.
