As a student exactly feel bored to help reading. If their teacher expected them to go to the library in order to make summary for some publication, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the educator want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that studying is not important, boring along with can't see colorful images on there. Yeah, it is to get complicated.
