**Harris & Harris' The Radiology of Emergency Medicine** Thomas L. Pope Jr., Jr. John H. Harris  
Edited by a renowned musculoskeletal radiologist and an internationally recognized Emergency Radiologist, and enhanced by contributions from invited acknowledged authorities, the Fifth Edition of this comprehensive reference is unsurpassed as a source of practical information on imaging of the acutely ill and injured patient during the acute phase of their emergent admission.

Ideal for both the radiologist and for all members of the emergency team, the text builds upon current applications of plain-film radiography—while adding substantial coverage of other modalities, including MPCT and MRI.
